1. Editor's Note

Dear colleagues,

I am pleased to mail out the second newsletter of the year 2001 for Women-in-Control. We have interesting facts and data this time, provided by Linda Bushnell and Dawn Tilbury. As well a very interesting article on WiC networking, written by our Chair Fahmida Chowdhury. Don't skip it please.

The goal of this newsletter is to integrate more and more women in control theory/applications development and to keep everybody posted on events, so if you come across interesting articles, useful information on web, that you think might be useful for our community, please feel free to contribute. As well please don't forget about job openings in your schools, companies, new books, journals, software releases, conferences, workshops, etc. Just drop me a line following my references below:
